**第一篇：**

金钱是一切吗？ In Money Everything?

I don't think money is everything, but we can't do without it. For example, money can't buy us happiness and a good education. And for another example, money can't buy us good health and a long life. But we can not live without money. We need it for our daily necessities such as food, clothes and transportation. What's more, we need it to live a better life. In short, we should learn the value of money and make the most of its advantages.

**第二篇：**

1. 一些人喜欢住在城市，因为城市生活有许多便利。
2. 但有些人喜欢住在农村。
3. 我认为，.....

Where to live—in the City or in the Country

Some people like living in the city because city life has many advantages. They think there are more job opportunities in cities, life there is more colorful and meaningful than that in the country, and there are more modern conveniences in cities for people to enjoy.

But some other people prefer to live in the countryside. They say life in the countryside is closer to nature and better for their health, life there is quieter and that country people are more honest than city people.

I would like to live in a city when I am young to earn enough money and I live in the countryside when I am old for having a quiet life.

**第三篇：**

你叫李平，是英语系学生会主席。写一封信给王教授，请他做一个有关中国历史的报告。注意信中要包括目的、时间、日期和地点。

#### 第四篇：

男女应该平等吗？（Should Men and Women Be Equal?）

Should Men and Women Be Equal?

People have different ideas this issue, Some people say that men are superior to women in ability because men are physically stronger, do most of the hard labor in the world and hold most important positions. Other people believe that women have the ability to compete with men. There have been many famous women state leaders and great scientists in the world. We should fully carry out the principle “to each according to his work” so that the enthusiasm of both men and women for work can be fully aroused.

#### 第五篇：

1. 在中国，自行车是最为流行的交通工具。
2. 骑自行车有许多好处。
3. 自行车的未来.....

The Bicycle in China

The bicycle is the most popular means of transportation in China. China is a country “on bicycle wheels”. People ride them for various purposes such as going to and from school and work. Bicycles are very cheap and easy to buy in China.

There are many advantages to riding a bicycle. First, using a bicycle can greatly help reduce the air pollution in many big cities. Second, people can improve their health by riding a bicycle.

The future of bicycle will be bright. In some European countries, city governments have arranged pedestrians to use “public bicycles” to travel round the city center free of charge.

#### 第六篇：

第七篇：

1. 假冒伪劣商品是个严重问题。
2. 一些原因导致了这种现象。
3. 为了扫除假冒伪劣商品， .....

Fake Commodities

Fake and poor quality commodities are a serious problem. Many things can be faked such as soybean sauce, vinegar, bicycles, and many other things. The interests of consumers are affected, and many enterprises keep losing money because of cheap fake commodities.

There are some reasons for such a phenomenon. The major one is the desire of some people to “make easy money”. These people think nothing of the law of the protection of intellectual property rights.

To get rid of fake and poor quality commodities, the government should educate people to obey the law of the protection of individual intellectual property rights and not to sell any fake goods. The government should punish severely and close down all the factories producing fake goods.

第八篇：

你是 Alice. 你的朋友 Bonnie 很快就要到你的乡间小屋拜访，但你却要出去一会儿。留一张便条给她，告诉她食品在哪儿，告诉她一个人在屋里时应注意些什么。

I will be away for a while. The key to the cottage is under the doormat, and the food is in the refrigerator. After entering the house, lock the door from inside at once. The cottage is far away from the nearest town, and the area is not quite safe from burglars. So I think the saying is right “Where there is precaution, there is no danger”.

Have a nice stay here.

Yours,

Alice
